Among the things which are loaned to the museum are an old-fashioned hat block, a coffee roaster and several sieves from Mrs. W. F. Wilder. Mr. Frank Robbins has loaned a cornet and a watch formerly belonging to William E. Robbins, which were carried through the war of the Rebellion by the leader of a regimental band, J. Fletcher Robbins.

Mr. Clarence Towns has given an old-fashioned up-and-down saw from the mill of his father, Joshua C. Towns. A goodly number of interesting magazines have been given for the reading room as usual.

Respectfully submitted,

ELLA M. BRIGHAM,

Librarian.

REPORT OF WEST RINDGE BRANCH LIBRARY

For the Year Ending December 31, 1921

Whole number of books circulated during the year, six hundred and ninety-three, (693). Of this number two hundred and twenty-five (225), were from the "Ingalls Library."

The different classes stand as follows: Fiction, 533; Sociology, 23; Natural Science, 16; Useful Acts, 20; Fine Arts, 18; Poetry, 14; Biography, 10; Modern History, 11; General Works, 18; Miscellaneous, 30; Juvenile, 160. Sixteen names have been added to the list of patrons during the year. The whole number being 711.

Through the continued kindness of Miss Ware we are pleased to report that a number of new books have been added.

Respectfully submitted,

M. LIZZIE WETHERBEE,

Librarian.

REPORT OF THE TRUSTEES OF THE INGALLS MEMORIAL LIBRARY

From January 31, 1921 to January 31, 1922

The reports of both the Ingalls Memorial Library and the West Rindge Branch Library show a greatly diminished circulation for the last five years. This is not surprising, under the existing circumstances, i. e., a dwindling population and at the Branch Library a very limited number of new books for the last three years, due to lack of space on the shelves. The conditions at both libraries make it seem advisable to place before the town the problems confronting the Trustees, although it may be impossible at present to accede to the request for an appropriation to carry out the much needed improvements.

The four thousand volumes now on the shelves should be re-catalogued by the Dewey system, by means of a card catalogue. It is the only proper method for a library of this size. It allows for expansion without the necessity of constant supplements and, once installed, can be easily kept in order.

The installation would necessitate the employment for some weeks of a trained cataloguer, the purchase of a cabinet, table, etc., costing for the Ingalls Library alone probably not less than one thousand dollars.

The West Rindge Branch should be catalogued in the same way and Miss Ware would assume the expense. It has been for two years so overcrowded that it has been possible to

add only a few books at a time, with the natural result that there is much less demand for books and the patrons of the Branch Library are obliged to use the Ingalls Library largely, instead of their own.

It is Miss Ware's wish to transfer to the Ingalls Library the overflow from the West Rindge Branch, but it would cause endless confusion to do so until the card catalogue system can be established. From this it can be readily understood that the addition of many books at West Rindge is impossible until this change is made.

The Trustees realize fully the difficulties of a larger appropriation at the present time, but they feel that an increase of fifty dollars each to the salaries of the Librarian and Janitor should be made without further delay, in view of their faithful services and the general increase of living expenses since this library was first started. The Trustees request the usual appropriation of three hundred dollars for the regular expenses.

Respectfully submitted,

GEORGE M. HARMON, Chairman.

HARRIS H. RICE, Treasurer.

MARY LEE WARE, Secretary.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Rindge:

I submit herewith my fourth annual report, this being the eighteenth of the series under district supervision.

The opening of the schools in September found a somewhat smaller enrollment at West Rindge than the previous year, due to the removal of the sawmill that had been in operation for several months, but the average membership for the term showed a net increase of two over last year's membership. The grammar school at the Center showed a net increase of four, the primary school of two and the East Rindge school a net loss of one. The larger total enrollment for last year was due to the short time attendance of a number of pupils who were enrolled on the register but stayed in town only a few weeks.

The schools at Rindge Center were fortunate in retaining the services of Miss Germaine and Mrs. Hoyt, who obtained excellent results both in work and discipline last year.

At the request of a number of parents work has been offered in the grammar school for pupils who received their diploma from the eighth grade last year. The school board has made it plain to the parents that this is not an attempt to carry on officially a ninth grade, since such a grade would involve

qualifying for one year of high school work, for which we have neither the room nor the equipment, as our schools are now situated. The work, however, has been arranged so that there is not a repetition of the work offered last year.

All the grades in the building at the Center have shown good interest. The attendance has been excellent and there have been very few tardy marks.

West Rindge lost Miss Counihan last March after a service of nearly four years. While the superintendent and school board regret losing a teacher of the ability of Miss Counihan, it is a source of satisfaction to know that she is wanted in a larger and better paying position, where she can live at home.

For the remaining weeks of the school year we secured Miss Daisie M. Palmer, a teacher who had previously been in charge of large schools in New York. Excellent results were secured in this school last year, and in September Miss Susie A. Maxwell of Antrim took charge of the school. She seemed well adapted to teach the lower grades and the work of this school has been good.

East Rindge has been the most difficult position in town to fill with a satisfactory teacher. Last year the results were not all that had been hoped for, and during the summer vacation numerous candidates were written to and interviewed regarding the position, but no one cared to consider the position until a few days before the school opened. At that time a candidate appeared whose experience was limited, but who appeared to be well fitted for such a position. She claimed to desire just such a school and expressed herself as satisfied to carry out the regulations required in this position.

From the first she showed an utter disregard of the di-

reactions of superintendent and school board, and, upon being criticized, promptly resigned.

No candidates with any considerable experience were available at that time, but the teacher secured did fair work for a short time and then seemed to lose interest in her work. Instead of improvement being shown conditions became very unsatisfactory and she was asked to resign, which she did at Thanksgiving time.

For one week we secured as a substitute Miss McDowell of Keene Normal School, who showed what a really trained and interested teacher can do, even in a few days.

Desirable teachers being still very scarce and unwilling to take positions away from the railroad, a young man was secured whose papers showed fourteen years' experience in private school work. Two weeks in this school was enough to demonstrate that so far as elementary grade work was concerned, his talents, (if he had any), were being wasted. Several visits to the school during the two weeks failed to discover anything being done right or any suggestions being intelligently carried out.

During the second week he did the only sensible thing which was performed during his brief period of teaching. He resigned.

Mrs. Louise Busby was secured during the Christmas vacation to take the school for the remainder of the year, and her work has shown excellent results in spite of the disorganized condition of the school at the close of the first term. Mrs. Busby is a finely educated young woman who has had experience in teaching both secondary and mixed schools. It is sincerely to be hoped that the improvement thus far shown

will continue throughout the remaining weeks of the school year.

During the summer vacation the building at Rindge Center was painted, and the interior of the East Rindge school was cleaned, painted and put in excellent condition.

Dr. Emerson of Fitzwilliam, with the district nurse from that town, has been through the several schools and attended to the physical examination of the pupils.

Rindge is today paying better salaries than many of the larger towns can afford for teachers, and should attract more trained candidates. It is to be hoped that graduates from the New Hampshire normal schools will be interested to serve one or more years in the schools as changes take place. The excellent results obtained by the teachers at Rindge Center and at West Rindge, as well as the present outlook at East Rindge, prove that teachers who know their business and are interested in their work are worth all we can afford to pay, while untrained and inefficient teachers are expensive at any price.

It is to be hoped that the parents will take a greater interest in the schools, and will try to become better acquainted with the teachers, and that the teachers will be made to feel that they are a part of the community.

In conclusion I desire to thank you for your loyal support and co-operation in whatever we have attempted for the welfare of the schools of Rindge.

Sincerely yours,

LEWIS S. RECORD,

Superintendent of Schools.
